News from the Library

by Leslie Scott

The Library has added an online database on our website called worldbook. This database is a collection of encyclopedia for students and it comes in English and Spanish. To access the database you can either go to our website www.amargosalibrary.com then to databases and click on the icon for worldbook, or you can type in www.worldbookonline.com. To access worldbook the user name is amargosa (all lower case) and the password is library. In addition, we have other databases funded by the State Library which you can access from our website, the user ID for those is: s9143219 and the password is: password. If you have any questions or need help from home please call us.

Recently, the library staff has noticed an increase in damaged and lost DVD's among younger children. In response, we have changed the check-out policy on DVD's: students in grades K-4th will no longer be able to check-out DVD's on their library cards.

News from Amargosa Valley School

by Diane George

March starts out with the celebrating of Dr. Seuss' Birthday. Most classes will be doing something special in their classrooms.]

The week of March 7 - March 10 is the beginning of our CRT Testing. This is a standardized test that students complete once a year throughout the nation. It is extremely important that students do well on these tests.

There are simple ways to help your son or daughter improve the likelihood of success by:

1. Dressing comfortably the days of the tests.
2. Take it seriously and do their absolute best, but stay relaxed.
3. Do not leave any answers blank.
4. Eat healthy meals and drink at least 8 glasses of water daily.
5. Get plenty of rest the nights before the tests (8 to 10 hours a night) and light exercise during the day...oxygen to the brain helps students think clearly.

6. Use test taking skills like eliminating answers to questions students know are not correct.

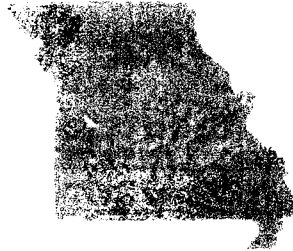

Parents/Guardians: Please stress to your son or daughter how important it is that he or she does his or her absolute best and to take advantage of the fact there is no time limit during testing, so there is no need to rush and perhaps make errors.

We will also be having an International Festival on March 17, 2011. Each class has been studying a country and this will be the culmination of all our hard work, projects and research.

There are **no** days off from school the whole month of March.

TO OUR VOLUNTEERS

**I just had a visit with our volunteer fire
department at their monthly meeting.
What I saw and heard was a group of
young people with a very professional
attitude about a job where anyone with
any common sense would run from a fire,
these people RUN TO IT. Keep in mind,
they are doing a job for little or no
monetary reimbursement compared to
the pay for fire fighters in larger cities. I
have seen them at work trying to save a
small trailer with as much professional
enthusiasm as if it were a home with
people inside. It did not matter that the
trailer was on fire; their job was to save
it and the surrounding area.**

**I know if I called 911, I would have the
most competent and professional
volunteer fire fighters this valley has. I
would also like to give thanks to the
volunteer E.M.T.s. They also give their
time to studying and helping people.
Thanks from Gene and Charlotte Butler**

AMARGOSA HAM RADIO CLUB

We are still looking for friends to become Ham radio technicians. You are more than welcome to join us. This is far better and more fun than talking on a CB radio. Your CB radio has its place in the car as well as your H.F. radio. You never know when you might be called upon to give aid and/or assistance in an emergency. **WHEN ALL ELSE FAILS YOUR HAM RADIO OPERATORS ARE THERE.** There are no longer Morse code test requirements and we will help you with studying for the Technician tests. If sitting in front of the TV or counting weeds is getting to you, this could be what you're looking for. Our meetings are on the second Tuesday of each month at 6:30pm at the Amargosa Community Center on Farm Road. Please come and join us at our next meeting night..

Congratulations to Fred White
